

# The Future Is Semiconductor Webinar/Biz-meeting

Strengthening the business cooperation in areas of semiconductor & semiconductor equipment between Korea and the Netherlands

## Webinar

Oct 11 WED, 2023 08:30-10:30 AM (EU)

## Biz-Meeting (Online)

Oct 2 - Oct 31, 2023

## Contents of Webinar

- EUV, advanced packaging and information about Semiconductor clusters by Korean and Dutch (or European) research centers/associations/organizations/global companies
- Possibilities about cooperation between KR-NL & Suggestions for strengthening cooperation

## Program Session

1. Development of Semiconductor industry in the Netherlands and Korea
2. Semiconductor equipment I (Development of EUV)
3. Semiconductor equipment II (Development of Advanced packaging)

## 1:1 Business Meeting

- 1:1 business meeting between Korean and Dutch companies for discussing purchasing, technology or investment cooperation
- Meeting arrangement will be done by KOTRA on the basis of the application (application fee: Free)
