

Invitation participation SEMICON Europa 2025

18-21 November 2025, München

Organized by:

High Tech NL Semiconductors

The Dutch National Network of Semiconductor companies

Supported by:

Holland High Tech

Global Challenges. Smart Solutions.

In this information package you will find the details of participating in the Dutch Pavilion at SEMICON Europa, including booth design, unit dimensions, unit prices, social events, etc.

- Holland High Tech is the top sector for High Tech Systems and Materials (HTSM), one of the 10 top sectors in the Netherlands;
- SEMICON Europa 2025 is labelled as a strategic fair by [Holland High Tech](#) aiming to increase the international visibility and presence of the Dutch semiconductor industry in Europe and beyond;
- High Tech NL offers an all-round trade fair service by taking over the complete booth organization and support, organization and catering of daily network events at the booth, project management and communications before, during and after the exhibition.

Participation includes, amongst others:

- Highly visible centrally located booth in hall B1
- Fully designed and built display area;
- Space, design and construction of the joint booth and the individual exhibitor/demo units;
- Separate (bookable) meeting rooms;
- Welcoming reception area, with coffee bar, for receiving visitors and networking;
- Networking and social events at the booth, such as joint activities with Holland High Tech, High Tech NL and Silicon Saxony;
- PR & Communications (and alignment communications) via High Tech NL and Holland High Tech;
- NL branded and booth exhibitor directory with company profiles;
- Listing as a co-exhibitor in the SEMICON Europa exhibition catalogue and its online exhibitors list;
- Vouchers for free admission tickets for business relations.

NL Pavilion Booth concept design

(drawing below is the design 2024, design 2025 will be similar to 2024)

NL Pavilion

NL Pavilion

Design and supplies of the units

- All your corporate branding is included on the prints that come(s) with the unit(s);
- In case you need more sockets (standard: 3-way socket per unit) or more power, let us know;
- Additional barstool to be rented is at your own expense;
- Additional (low) displays and folder-rack to be rented is at your own expense;
- If you choose a demo unit, please let us know the exact size (LxWxH) and weight of your demo.

Please note: Roll-up banners and additional displays are not allowed. Placement of additional furniture and demo equipment is always in consultation with us and our booth builder. We take into account that there is sufficient walking space and that the pavilion maintains an open and communal character.

NL Pavilion
